

Brown 672HD-D-1 Extra Heavy Duty Brush Cutter with 72" Cut | 145 HP @ 1000 RPM | Dual Tail Wheel

SKU: Brown 672HD-D

Brown Rotary Cutters are engineered to give you years of dependable service and performance. Designed to be rugged machines that can handle heavy cutting, they are perfect for pasture clipping, and stalk cutting. The Brown 600 Series Rotary Cutters heavy construction is tough enough to cut heavy brush and trees up to 4" in diameter.

Easy cutting adjustments allow cutting heights from 2 to 12 inches. The heavy construction and balanced blade holder keeps vibration to a minimum and the open rear reduces clogging and stalling.

All Brown 600 Series Rotary Cutters are constructed from 1/4" steel plate, shielded drive shaft with slip clutch, laminated solid rubber tail wheels, clevis style hitch with "flex top link", 5/8" x 6" "Ultra-Kor" blades, reinforced rear deflector shields, and standard front chain curtains.

Model Specification:

- Cutting Width: 72" or 6'
- Cutting Height: 2" to 12"
- Deck Width: 81"
- Deck Thickness: 1/4"
- Gear Box H.P. @ RPM: 145 H.P. Gear Box @ 1000 RPM
- Blade Bar / Solid Plate: 1 - 1/4"
- Blade Bar Weight: 225 Lbs.
- Blade (Ultra-Kor tm): 5/8" x 6"
