

# SUNDOWN

## REVERSIBLE SCOOPS

This handy implement lets you scoop dig, carry, dump and spread. The reversible mounting allows you to attach your tractor to the front or rear of the scoop, enabling it to work forward as a scraper or in reverse as a shovel. Our scoop also has a self closing pan with beveled cutting edge. By simply attaching a rope to the trip lever, the scoop can be dumped without ever leaving the tractor seat. The uniquely designed heavy angle iron frame insures years of trouble free service.

### Reversible Scoops

Model No.	Width	Weight	Capacity
DS-24-C	24"	250#	6 cu. ft.
DS-30-C	30"	272#	9 cu. ft.
