

Hydraulic Feed Chipper

The Sundown C Series hydraulic feed wood chipper has the strength to handle any material that will fit in the generous 5.5" material opening. The hydraulic feed chipper is PTO driven but features a high-speed rotor design traditionally only available on commercial engine drive chipper for great power and efficiency. Packed with commercial grade components such as double-sided knives, a standard chip anvil, a top discharge chute, and an industrial two-part urethane finish, Sundown chippers will help you get the job done.

Model C551H

- Hydraulic Feed
- Accepts material up to 5.5" in diameter
- 360 degree chip chute rotation
- 4 reversible knives mounted with recessed bolts (no threaded knives)
- Easy to remove sheild to access the 3 cogged v-belt drive

SPECIFICATIONS

Models	C551H	Models	C551H
Chip Opening	5 1/2" x 8"	Feed System	Hydraulic
Drive System	PTO	Hyd. Requirements	6 GPM
Transport	3 Point Hitch	Self Contained Hyd. System	Opt.
PTO Category	Cat. 1 & 2	Feed Roller	15"
HP Required	35+	Hopper Opening	28" x 28"
Belts	3BX	Feed Height	21"
Rotor Size	165lbs.	Chip Chute	360° Rotation
Knives	(4) 2 1/2" x 3 1/2" x 5/16"	Finish	Industrial Two-Part Urethane - Yellow
Knife Bolts	3/8" Recessed & Hardened Bolts	Weight (lbs.)	775
Shear Bar/Anvil	Adjustable Hardened Anvil
