WOODY products are solidly built with high-quality materials. Our one-year warranty only applies under conditions of normal and proper use. Be careful to comply with the capacity load, tire pressure, speed limits and oilers lubrication. All warranty repairs will be carried out at the manufacturing plant (St-Odilon) and does not cover transportation costs and travelling expenses for expertise. Illustrations, characteristics and weights are approximate and without obligation/commitment/garantee. We reserve the right to make all changes necessary for the improvement of our products.
