# SPECIFICATIONS

MODEL	9424B
PTO speed (RPM)	540
Fan speed (RPM)	2781
Power required - HP at PTO	20 to 40
Standard driveline	40
Air flow (CFM/ CMM)	3800 / 108
Air velocity (MPH/ KMPH)	260 / 415
Fan diameter - in. (cm)	20 / 51
Fan width - in. (cm)	5 / 13
Number of blades	12
Outlet size - in. <sup>2</sup> (cm <sup>2</sup> )	24 / 155
Air nozzle degree rotation	225°
Manual air nozzle rotation	Opt
Electric air nozzle rotation	Opt
Hydraulic air nozzle rotation	Opt
Manual air nozzle deflector	Std
Electric air nozzle deflector	Opt
13" adjustable wheel	Std
Parking stand	2
Hitch category	1
Height - in. (cm)	35 / 89
Width - in. (cm)	35 / 89
Lenght - in. (cm)	40 / 102
Shipping weight - lb (kg)	370 / 169

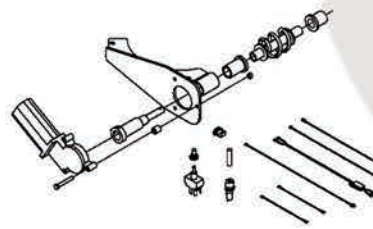

The **RAD Debris Blower** will clear away debris on most surfaces. The **air nozzle rotation on 225°** allows to have a large working surface. The **air nozzle deflector** clears debris from ditches and hillsides without riding on slopes. The **RAD Debris Blower** is also a **powerful tool** to blow leaves during fall.

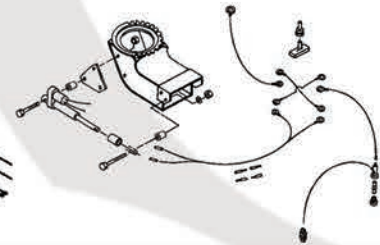

**MANUAL ROTATION**

**HYDRAULIC ROTATION**

**ELECTRIC ROTATION**

**ELECTRIC DEFLECTOR**

Distributor
