

Drum Mower

FEATURES:

Sundown 3-Point mounted rotary drum mowers for cutting fields. High speed working drums achieve a high quality cutting performance making the mowers popular in both large and small farming enterprises. These Mowers are available in three widths: 1.35m, 1.65m and 1.85m with optional hydraulic fold. In the production of these mowers only the best materials and components are used. Stable and solid construction provides long and trouble-free operation.
