Model	Description	Wt	List Price FOB GA
MXC-SS	Bale Cracker w/Skid Steer mount	690	5,020.00
MXC-GE	Bale Cracker w/Global/Euro mount	690	5,020.00
MXC-CM	Bale Cracker w/Custom mount - not included in price - specify needs for mount	690	5,020.00

Length 83"
 Width 67" open
 46" closed
 Height 43"
 Weight 690 lbs

Hydraulic Requirements:

- one double acting hydraulic circuit with at least 1900 PSI
- 12 volts power supply from the source

Bale Cracker easily cuts through plastic wrap, net wrap and twine. A single operator can pick up, move and unwrap bales up to 5' and 6' without leaving their seat. The wrapping is remotely released for maximum efficiency. Its patented Wrap Retention Mechanism pierces a bales covering while a simple knife section using common sickle bar mower blades cuts through net and wrapping material. Once the net is cut and firmly gripped one fork pivots up and away from the bale allowing the bale to drop to the ground while the wrapping lifts up and away.
